Relevant Coursework: AngularJS, SQL, .NET, & PHP.

SKILLS

Technical Skills	Web Development, Database Design, Backend Dev.
Soft Skills	Writing, Research, Teamwork

PROJECTS & PRACTICES

Front-End Practice.

- AngularJS website that contains all of my AngularJS assignments and practices in one spot, utilizing practically all AngularJS features. ([Try it here](#))
- Using Bootstrap, I created a gaming front-end website. ([Try it here](#))
- I created a website front-end that includes all of my HTML, CSS, JS, and jQuery assignments and practices. ([See Here](#))

ASP.NET (MVC) Projects:

- **Mall Management System.** Build a project that helps manage malls to register shops and book movie tickets and food court tables. My role in that project was to design and develop databases and implement front-end themes. ([See here](#))
- **Personal Health Assistant.** Developed a health record management web app for users to maintain their health records. I designed and developed the complete backend of the project. ([See here](#))
- **Automotive Parts E-Commerce.** Help develop a website for a client's e-commerce needs. My role in that project was to set up an Admin dashboard and create a backend a/c to client requirements. ([See here](#))

PHP Projects:

- **Courier Management System.** Developed a courier management system in PHP, with contributions to the project structure, PHP code, and database. This system addressed the challenges of manual handling and tracking of couriers. ([Try it here](#))

Cloud Practice: Hands on practice of AWS and OpenStack.

EXTRA-CURRICULAR ACTIVITIES

- Volunteered in CS3 society in University for events and other activities.
