ABDULLAH IMRAN
SOFTWARE DEVELOPER

PROFILE INFO

Currently in my final year of university, I am eager to continue learning and growing my skills as a developer. As a motivated and ambitious developer with a strong foundation in web development and an interest in machine learning, AI, and data science, I am excited to bring my skills and enthusiasm to a new challenge. With experience in technologies such as ASP.NET (MVC), SQL Server, and MySQL, HTML, CSS, JavaScript, Java, and PHP, I have developed a strong foundation in a wide range of technologies.
